### **Do You love Someone with Epilepsy?**

Epilepsy Day - Monday 14th February 2022 - Valentine Day

International Epilepsy Day is a special event which promotes awareness of epilepsy in more than 130 countries each year. Every year on the second Monday of February people join together to acknowledge and highlight the problems faced by people with epilepsy, their families and carers..

In Africa this year we will commemorate it jointly with our loved ones jointly with the Valentine Day This is a day for everyone, no matter where you are, no matter how small your group or large your area, no matter whether you focus on the medical or the social aspects of the disease.

We want you to help us celebrate International Epilepsy Day!

Let's speak with one global voice.

The Day is a joint initiative by the International Bureau for Epilepsy (IBE) and the International League Against Epilepsy (ILAE).
